

## Insurance Disclaimer

As you know, reimbursement to providers varies by insurance company as well as by policy. Your insurance company may decide that there is not a medical necessity for your chiropractic care. Or, they may state that our charges are not reasonable and customary. In fact, they may deny payment for services rendered for seemingly insignificant reasons such as the doctors notes are not detailed enough for them, or timely filing, etc.

The truth is they are free to say whatever they want. However, none of the services provided to you by Dr. Cyriacks, or his recommendations for your health are related to your insurance company's random business policies. They are, however, made with your best interest in mind. Therefore, we do not participate with insurance companies as "in-network providers." Dr. Cyriacks does not work for them; he works for you.

As a result, payment is expected in full by you to this office (unless prior arrangements have been made) at the time services are rendered.

As a courtesy to you, our office will file claims on your behalf to your insurance company, **or** provide you with a Superbill to expedite your filing of the claim. In that event, the reimbursement check will be sent directly to you.

### AGREEMENT

I have been notified by Dr. Richard Cyriacks, or an agent acting on his behalf, that my insurance company may or may not pay for the services and care provided by the doctor. I hereby agree to pay for my services in full at the time treatment is provided (unless prior arrangements have been made)
